

List of Diseases

The Messenger (SAW) said, "For every disease there is a cure so if the medicine comes upon the disease it cures it by the will of Allah, the Most High." (Saheeh Muslim 2204)

Abu Hurairah (RA) reported that the Messenger (SAW) said, "If there was something excellent to be used as a remedy then it is Hijamah." [(Abu Dawood Sharif 3857), (Ibn Majah Sharif 3476)]

Hijamah is the blessing and cure to every disease. Go through with this treatment with full Yaqeen and cure by Sada'qaat. Allah (SWT) is the only authority to cure us.

See the following list of diseases which are cured by Hijamah. The list of diseases is taken from book "Al Hijamah Elaaj Bhee Sunnah Bhee" by Dr. Amjad Ahsan Ali
